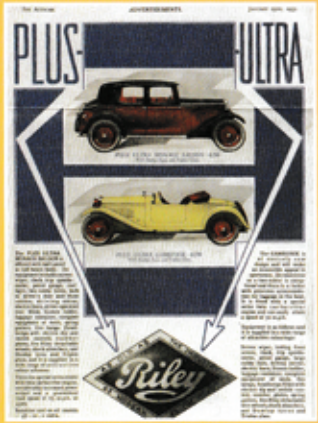
Riley



This leaflet is an initiative of supporters of the RAP

It is the intention of this group that a specific location will be identified to house securely all contributed historical records, information and artifacts relating to the Riley car and those associated personalities that make up the Riley story to the present day.

The Riley family established a motoring "marque" that proudly carried the name for 70 years, and to the present day cars carrying the blue diamond continue to give great pleasure to their enthusiastic owners.

The establishment and development of this archive will create a focal point for research and education relevant to the British motor industry, past and present, allowing community and international involvement.

Registering Support.

There is a long road to travel between "idea" and "reality". Should you support the objectives of the Riley Archive Project at this initial stage, the project group would like to hear from you.

Initial contact: David Smith (Secretary to RAP)

Nethergate Cottage, Hall Lane, Colkirk, Fakenham, Norfolk, NR21 7ND

Email: dsmith4571@aol.com
Tel: 01328 864520
